How to use this guide:

- 1 Find your vehicle make, model* and number of doors
- 2 Find your vehicle year

What will the SportRack Fit Guide tell you?:

- a Indicate the best place for you to install a SportRack Latitude Roof Rack System and accessories.
- b SportRack Latitude Load Bar options: Aero aluminum bars or square steel bars.
- c The SportRack Latitude Load Bars for your vehicle - Aero aluminum bars (SRA) or the square steel bars (SRS).
- d The SportRack Latitude Foot Pack for your vehicle.
- e Lists the SportRack Latitude Fit Kit required to adapt a particular SportRack Latitude Foot Pack to your vehicle. Not all SportRack Latitude Foot Pack require Fit Kits.
- f Lists the maximum available bar spread for your vehicle, an indicator of which SportRack accessories are compatible.
- g This is the maximum weight your vehicle can carry, including load and SportRack rack system.
- h What accessories will fit your SportRack Latitude Roof Rack System (sold separately).
- i Please read appropriate Fit Tips on page 27 before installing your SportRack Latitude Roof Rack System.

***If not listed, no SportRack Roof Rack System is currently available for that vehicle.**

Comment utiliser ce guide d'achat :

- ① Trouvez la marque, le modèle* et le nombre de portes de votre véhicule
- ② Trouvez l'année de votre véhicule

Que vous dit le Guide d'achat SportRack?

- a Vous indique le meilleur emplacement pour installer un système de support de toit Latitude de SportRack et ses accessoires.
- b Options pour les barres de toit Latitude de SportRack : Barres Aero en aluminium ou barres carrées en acier.
- c Les barres de toit Latitude de SportRack pour votre véhicule : Barres Aero en aluminium (SRA) ou barres carrées en acier (SRS).
- d L'ensemble de pieds Latitude de SportRack pour votre véhicule.
- e Indique la trousse d'adaptation Latitude de SportRack nécessaire pour adapter un ensemble de pieds Latitude de SportRack à votre véhicule. Les ensembles de pieds Latitude de SportRack ne nécessitent pas tous une trousse d'adaptation.
- f Liste les espacements de barres maximum possibles pour votre véhicule, un indicateur pour les accessoires SportRack qui sont compatibles.
- g Il s'agit du poids maximum que votre véhicule est capable de supporter, y compris la charge et le système de support de toit de SportRack.
- h Quels accessoires vont s'adapter à votre système de support de toit SportRack Latitude (vendus séparément).
- i Veuillez lire les conseils d'installation appropriés à la page 27 avant d'installer votre système de support de toit SportRack Latitude.

*** Si aucun réglage n'est présenté, aucun système de support de toit SportRack n'est présentement disponible pour ce véhicule.**

FIT TIPS

MULTIPURPOSE FIT TIPS

- 1 This vehicle comes with preset mounting points designed by the automobile manufacturer. Refer to Fit Kit/load carrier instructions for correct load carrier placement.
- 17 This application is for snowsport carriers only.
- 41 This vehicle comes with two, fixed-position barspreads. You will need to use the narrower barspread position to fit SportRack Bike and Cargo Accessories.
- 60 Due to rack placement and configurations, some of our larger cargo carriers may hinder the ability to open the rear hatch completely.
- 65 Installation of this rack will require the removal of the factory installed rack/rails (if they're present).
- 67 Do not use the 1" metal sleeve that goes over the threaded screw when installing KIT 3069 on this vehicle. It will cause the foot to "float" on the roof. Make sure to tighten the rack down as directed in the instructions or you can damage the roof.

DIRECT TO FACTORY FIT TIPS

- 75 Due to the vehicle's limited factory crossbar width, the SR6466 Ski Carrier cannot be used.

CONSEILS D'INSTALLATION

CONSEILS D'INSTALLATION POUR USAGES MULTIPLES

- 1 Ce véhicule est équipé de points de fixation pré-définis par le fabricant du véhicule. Reportez-vous aux instructions de l'ensemble d'adaptation/du porte-charge pour le placement correct du porte-charge.
- 17 Ceci s'applique uniquement aux porte-charges pour sports d'hiver.
- 41 Ce véhicule vient muni de deux espacements fixes de barres. Vous devez utiliser la position d'espacement des barres la plus étroite des deux pour installer les accessoires de vélo et coffre à bagage de SportRack.
- 60 En raison du positionnement du support de toit et des configurations possibles, certains de nos coffres de toit de plus grande taille sont susceptibles d'empêcher l'ouverture complète du hayon arrière.
- 65 L'installation de ce support de toit nécessite le démontage du support et des rails installés en usine (si présent).
- 67 N'utilisez pas le manchon métallique de 1 po qui recouvre la vis filetée lorsque vous installez le KIT 3069 sur ce véhicule. Cela entraînerait le « flottement » du pied sur le toit. Assurez-vous de serrer le support de toit selon les instructions pour ne pas abîmer le toit du véhicule.

CONSEILS D'AJUSTEMENT POUR CONFIGURATIONS D'ORIGINE

- 75 En raison de la largeur limitée des barres transversales d'origine du véhicule, les porte-skis SR6466 ne peut pas être utilisé.
